

REALISING THE RIPPLE EFFECT

The Sunshine Coast Health Campus is the largest *greenfield* development of its kind in Australia. It has significantly raised the investment profile of the Sunshine Coast and its potential to stimulate the regional economy is already evident. This conference addresses what is required to realise the full potential of the 'ripple effect'.

Thursday 11th August 2016

KEYNOTE SPEAKER

Brian Haratsis

*Executive Chairman,
Macroplan Dimasi*

Brian Haratsis is a best-selling author, futurist, thought leader and is regarded by corporate Australia as the leading economic and strategic advisor operating in the property sector locally and internationally.

Brian is the Chairman of MacroPlan Dimasi, the company he originally established in 1985 as MacroPlan. He has devoted the last 30 years to his loyal client base through the delivery of effective business and property strategy, precise forecasting of niche trends, successful facilitation of strategic outcomes and successful delivery of major projects / policies.

Some of Brian's recent achievements include:

- Appointed Board Member of the Refresh Plan Melbourne Ministerial Advisory Committee
- Appointed Board Member of the Metropolitan Planning Authority

- Key Analyst for the development of the RACV Club in Melbourne (\$160m)
- Key Analyst on the first and largest mixed use development in Australia – the GV Building (\$700m)
- Key Analyst in the development of Australia's first new generation 'main street' in Brighton Butler, Perth
- Key Analyst on Australia's first fully integrated Greenfields transitoriented development at Varsity Lakes, South East Queensland
- Key Analyst for the development of Eureka Towers (\$700m)

His new thinking is currently transforming projects in residential communications, retirement living/aged care and mixed use development.

Brian's new book, 'Destructive Cities' will be launched on July 21st of this year.

GUEST SPEAKER

James
Matthews

*Manager,
Advisory, KPMG*

James is an associate director with KPMG Government Advisory practice. He specialises in economic development strategy and analysis as well as urban economics policy development.

Throughout his career James has been involved in a range of investment attraction and business case development exercises that considered the relative economic benefits of alternative infrastructure investment scenarios. He is also a national director for Economic Development Australia.

Recently James completed an engagement for the Queensland Government to prepare a series of precinct profiles and investment opportunity analyses for five South-East Queensland health and knowledge precincts, including the Sunshine Coast.

GUEST SPEAKER

Professor
Marianne
Wallis

*University of the
Sunshine Coast*

Marianne Wallis is Professor of Nursing at the University of the Sunshine Coast (USC). She is the Research Portfolio Leader for the School of Nursing, Midwifery and Paramedicine, a Visiting Research Fellow with Sunshine Coast University Hospital and Health Service and an Adjunct Professor at Griffith University.

Prior to arriving at USC Marianne was the Foundation Professor in Clinical Nursing Research at Griffith University; a joint appointment with Gold Coast Hospital and Health Service. In this appointment she was involved in developing the strategic plan for health research prior to the opening of the Gold Coast University Hospital.

Currently, Marianne is a Board Member of the Australian Vascular Access Society and a Member of the Emergency Medicine Research Foundation Scientific Advisory Committee.

GUEST SPEAKER

Linda
Delamotte

*President,
Kawana Chamber of
Commerce Inc.*

Linda has been the President of Kawana Chamber of Commerce for 2 years. Linda commenced her career as a nurse and in 2010 she established Your Home Care, a business that combines her knowledge of both health and business.

Linda is a member of the Sunshine Coast Business Alliance and a mentor with Generation Innovation, which empowers young people to achieve their business goals, and gives her time to various business people. Linda has a passion for seeing business people succeed and shares her experiences with other small business owners to help them prepare for change and growth.

GUEST SPEAKER

Ben
Simpson

*Regional Manager,
Sunshine Coast
Stockland Residential
Communities and SCBC
Board Member*

Ben is a passionate and innovative community builder with over 20 years of experience in the property development industry.

As the Regional Manager of Residential Development at Stockland on the Sunshine Coast, Ben manages a team of 40 people and 5 community development projects, including two city building projects, Aura and Oceanside. This equates to approximately one-third of Stockland's current residential development portfolio.
