Our vision

UniSC Innovation

UniSC Innovation's vision is to become home to SEQ's most innovative, high-tech companies.

Our mission is to build and accelerate emerging and existing high growth future industries by creating an environment for entrepreneurs, students and startups to access infrastructure, knowledge, research and talent from the University of Sunshine Coast and a curated set of Industry partners.

Our target audience

UniSC Innovation

**Innovative SME's
Startups
Entrepreneurial Staff / Students**

What are our key projects

UniSC Innovation

COLLIDER

New Collider branding

Coworking space inside the Innovation Centre

Developing a community of innovative founders

Delivering regular series of workshops targeting business growth

What are our key projects

UniSC Innovation

Space to Sea 6-month Accelerator Program

Key themes: AgTech, Blue Economy, Geospatial Data, Disaster Preparedness, Environmental Monitoring, Robotics & Drones, Defence, Critical Infrastructure & Sustainability.

Applications Close: 20th March 2025.

Program Commences: 05th May 2025.

Format: In person or virtually (Includes free access to Collider co-working space for 6 months).

The banner features a satellite-style image of Australia and the surrounding oceans. In the top left corner, there is a small "Space to Sea" logo. The main title "Space to Sea Accelerator" is centered in a large, bold, black font on a yellow background. Below the title, the text "APPLY TODAY" is written in white on a black background, and "Applications Close: 20th March 2025" is written in black on a white background. At the bottom, there are logos for "ADVANCE QUEENSLAND" (a stylized orange and yellow triangle), the "Queensland Government" (the state crest), and the "University of the Sunshine Coast Australia" (a stylized blue and white logo).

Space to Sea

Space to Sea Accelerator

APPLY TODAY Applications Close: 20th March 2025

Proudly supported by the Advance Queensland initiative.

ADVANCE QUEENSLAND | **Queensland Government**
